Elevate hotel entertainment

Surprise guests with enhanced viewing experiences that put users in-control.

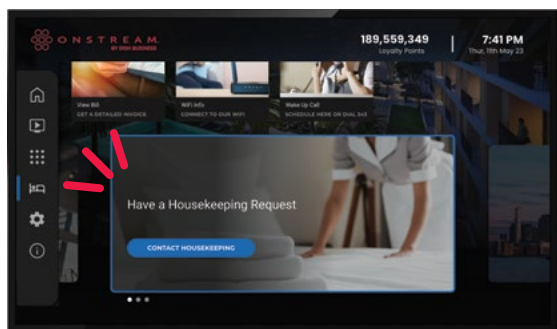

- **Native casting** makes guests' owned content seamlessly available on compatible hotel TVs and in-room devices
- **One platform** powers common area and in-room TVs
- **Built-in streaming** links directly to guests' favorite services
- **Universal search** makes it easy to find live, streaming, and on-demand content across apps
- **Personal device entertainment** allows guests to watch live TV on their own devices

Personalize the guest experience

Integrate loyalty program data to deliver one-to-one experiences that delight guests.

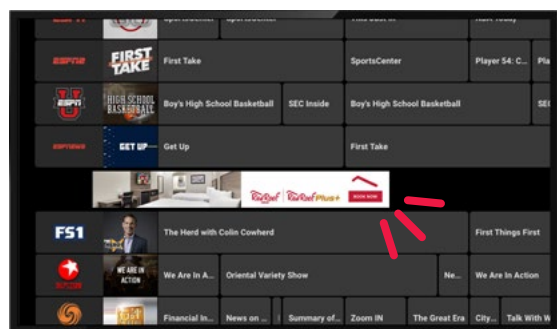

- **Individual welcome messages** greet guests by name
- **In-room TV interface** can display loyalty account details such as points and rewards
- **Loyalty account log-in** via in-room TVs allows guests to save preferences

Increase operational efficiency

Connect to the PMS and other backend systems to facilitate business-critical tasks and services with ease.

- **Digital check-out** via in-room TVs streamlines housekeeping & front desk wait times
- **Bill viewing** allows guests to examine charges from their TV to minimize wait time at the desk
- **Communication platform** displays property information, offers, and push notifications

Unlock new revenue streams

Support business goals with advanced capabilities.

- **On-screen advertising** capabilities monetize hotel TVs
- **Stream live on-property** and nearby events on a pay-per-view basis
- **Increase bookings** for on-site services through user interface integrations
