

Future-proof your guest experience with OnStream

Stay ahead of guest expectations and increase revenue opportunities with the entertainment platform built for the future of hospitality.

Delight guests with modern entertainment

Live TV, streaming, and casting provide endless entertainment without switching inputs.

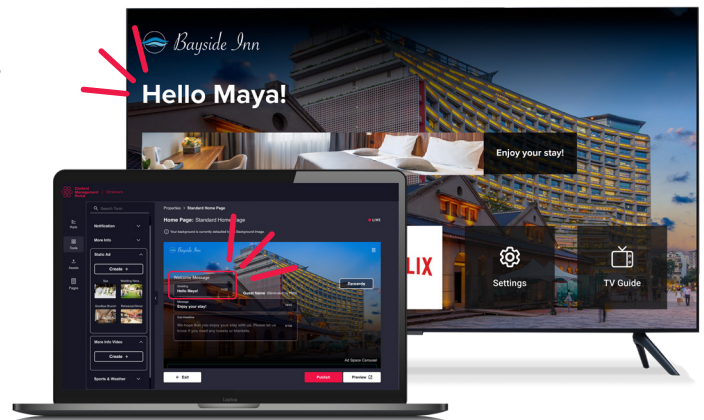

- **Responsive visual channel guide** lets guests flip through options quickly
- **Optional genre filters** help guests easily browse live TV programming by category
- **Netflix and YouTube** make it easy for guests to stream their favorites
- **Google Play Store integration** keeps streaming app selection up-to-date
- **Automatically clears guest credentials** to maintain security
- **Seamless casting** via Chromecast built-in
- **Universal Search** makes it easy to find content across any application

Customize your on-screen experience

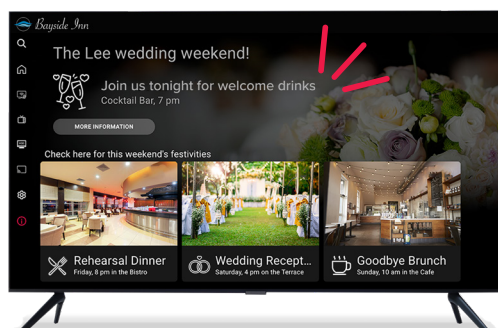

Our easy drag-and-drop UI builder lets you tailor TV screens across properties to support your brand and business goals.

- **Easily brand your screens** with photos, colors, logos, and more
- **Create a property information hub** to communicate helpful details on in-room TVs
- **Customize experiences** at the property, room block, common area, and individual guest-room level
- **Quickly scale custom experiences** and deploy across additional properties in minutes
- **Greet guests by name** with optional PMS integration

Increase revenue and long-term ROI

Get more value from your investment and build business resilience with flexible technology that won't become obsolete.

- **Attract group bookings** by offering custom event-specific screens
- **Earn loyalty and repeat stays** by providing a premium, tech-forward experience
- **Monetize TV screens** by selling advertising space to local businesses
- **Increase non-room revenue** by promoting paid amenities
- **Ease ongoing innovation** with automatic updates and flexibility to evolve with changing business needs

Delivering OnStream for your property

Our entertainment equipment unlocks all the benefits of OnStream for your business today—and scales to meet your portfolio's needs in the future.

“Moving to OnStream was a much easier process than anticipated. The team was extremely diligent in keeping us informed and working with our existing infrastructure to make the transition as seamless as possible.”

- Milin Patel, GM, LaQuinta

HEAD-END DISTRIBUTION SYSTEM

Power live TV across your entire property with a single SMARTBOX2

- One compact, microwave-sized box saves space and uses 90% less power than cable distribution systems
- No complex rewiring or bulky rack needed
- Up to 192 channels of live HD TV, including 4K
- Complete remote management capabilities

Looking for a solution without a set-back box?

Select Hospitality Grade SMART TVs will deploy OnStream without a box in-room. Contact your integrator or hospitality@dish.com for the most updated list of compatible models.

SET-BACK SOLUTION SERIES

New EVOLVE box delivers OnStream using any infrastructure

- Deploy OnStream using existing wiring, including dated cable inputs
- Sleek design is easy to conceal behind the TV using VESA-compatible mounting brackets
- Backlit Smart Remote with voice control, buttons for popular apps, and a locking battery compartment
- Works with non-Pro:Idiom TVs

**We guarantee the best
value for your investment**

Ask about how our competitive equipment subsidies and pre-negotiated programming discounts can help you get the best possible price.
