

The leading innovation in live TV for hospitality

Trusted to power over 2 million rooms nationwide, SMARTBOX technology has redefined the standard for free-to-guest video distribution. Our revolutionary head-end distribution system can deliver live TV across an entire property from a single space-saving box.

And today, our next-generation SMARTBOX2 delivers best-in-class entertainment with a design that's smaller and more efficient than ever before.

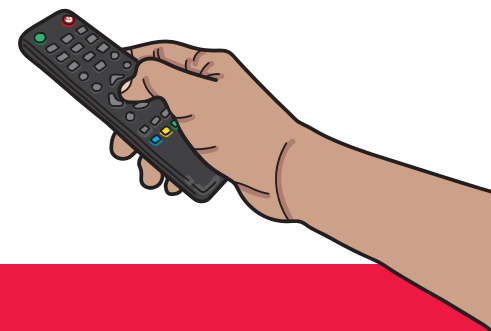

Power live TV seamlessly across your property

- Up to 192 channels of live HD TV, including 4K
- No set-top box required
- Optional OTA integration allows hoteliers to deliver accessible local channels
- 24/7 remote monitoring
- Compatible with non Prodiom TVs
- Serves as a standalone live TV solution, or can power live TV component of your guest entertainment platform

Save space, energy, and costs

- Compact, microwave-sized box uses 90% less energy than cable distribution systems
- No costly rewiring or bulky rack needed
- Works with existing coaxial, Ethernet, or fiber setups
- Flexible financing options reduce—or even eliminate—upfront CapEx costs

We guarantee the best value for your investment

Ask about how our competitive equipment subsidies and pre-negotiated programming discounts can help you get the best possible price.
