Proudly partnering with the greatest brands and associations in hospitality.

We partner with the best integrators in the field

DISH Business not only elevates the guest experience—it streamlines the staff experience, too. Our exclusive integrators will ensure your switch is seamless, meaning no downtime, no interruptions, and no headaches.

WorldVue is a trusted provider of video, advanced connectivity, and professional services to properties and enterprises across North America.

MVM is a Nationwide Systems Integrator that provides specialized pricing and incentive plans as well as zero CapEx solutions for hospitality.

Best known for hotel TV, Enseo has been providing hospitality technology solutions for 23 years. Today, the solution suite includes TV entertainment, room controls, managed Wi-Fi, and employee alert systems.

As an end-to-end provider and integrator of technologies, Hospitality Network is a leader in providing the latest technology solutions to iconic venues and brands in the hospitality industry.

PureHD delivers reliable and robust high-definition television and streaming services to the hospitality industry. PureHD revolutionizes the guest room experience through flexible, manageable, redundant, and cost-effective solutions.

Edison Interactive is a customizable and dynamic in-room entertainment solution that is revolutionizing the customer experience, providing valuable business insights, and increasing revenue for hospitality brands everywhere.

With a comprehensive suite of technology solutions and support services, Velocity provides a modern and affordable alternative to POTS through DataRemote hardware paired with Velocity's SIPBand network.

Unlock the power of 5G

DISH Business is now the 4th wireless carrier with 70% population coverage as of June 2023. Our cloud-native O-RAN 5G network will enable enterprise-grade private networks for hospitality, enabling the always-connected experience.
